Project:

ODL Module on Equal Opportunity

Since 2006, Sophia has participated to the conception of an on line *module on Equal Opportunity between Girls and Boys, Women and Men in Education* designed for teachers' initial and in-service training in the French Community of Belgium. In 2007, the project was submitted to the European Social Fund and having been accepted, the module will be tested, evaluated and eventually completed and improved (2007-2009).

Colloquium:

Sophia organized a conference on 19 november 2007 on diversity (Diversiteit: een fait divers? Een gecontesteerd concept, diverse ervaringen, een feministisch debat / Diversité : un fait divers ? Concept contesté, expériences contrastées, débats féministes). The colloquium was aimed at analysing the use of the concept of diversity in different contexts and in its relationship to equal opportunity so as to bring a critical view on this issue with a feminist perspective. Speakers: Nouria Ouali (ULB), Patrizia Zaroni (Universiteit Tilburg), Annie Cornet, Inès de Biolley, Sarah Scheepers, Joz Motmans, Machteld De Metsenaere, Nathalie De Bleeckere, Alexandra Adriaenssens, Katlijn Demuyck.
